8. Australia Studies Centre
9. Northern Ireland Semester

B-Global International Immersion

The B-Global Studies Program is designed to provide adult students, from multiple academic disciplines and academic levels (Bachelor and Master level), with global opportunities to see society in transformation. Each B-Global Studies Program destination (China, Czech Republic, India, Israel and South Africa) examines the impact of *Social, Spiritual, Education and Economic influencers on individuals and society as a whole.

The B-Global Studies **SSEE** Transformation Model provides a framework to see God at work globally. The interdisciplinary nature of the Global Studies Program enriches the students experience by equipping them to process transformation through multiple filters. The course is designed to encourage participants to explore their calling while serving where God has called them to serve.

Foreign Language Opportunities

At Olivet, students are given the opportunity to study Spanish, French, Italian, Arabic, and Chinese. Spanish speaking students are encouraged to volunteer within the Kankakee community and school systems as translators for Hispanic families. For more information, contact Nancy Bonilla (nbonilla@olivet.edu).

IBI Program

The International Business Institute is a 10-week summer program offered through Olivet that allows students to travel to 13 different countries while gaining hands-on experience with different international organizations. IBI provides support for broader global perspectives and global skill development for both students and faculty.

MERC

The Multi-Ethnic Relations Club exists to promote ethnic awareness and unity within the Olivet community. MERC allows McGraw's business students to celebrate and embrace diversity by bringing awareness to the uniqueness of different cultures within the student body.
