In the student AND/OR parent section of your 2019-2020 FAFSA you reported an unusually high amount for "Taxable student grant & scholarship aid reported to the IRS in your adjusted gross income." You should only report a dollar amount for this question if you were required to list the grants and scholarships as taxable income on your federal tax return.

- Please check one of the following statements regarding the amount listed on your FAFSA:

The amounts reported on the FAFSA regarding grants and scholarships listed on my/my parent(s) 2017 federal tax return are correct and I/my parent(s) did report grants and scholarships on the federal tax return. If you/your parent(s) did report this as income on your/your parent(s) 2017 tax federal tax return it will appear on the dotted lines of Line 7 in this format: "SCH X,XXX" (You must attach a signed copy of pages 1 & 2 of your/your parent(s) 2017 Federal 1040).

I/my parent(s) did not report any grants and scholarships in the adjusted gross income listed on my/their 2017 federal tax returns and we mistakenly reported this amount on the FAFSA. (Olivet Nazarene University will correct the information on your FAFSA for you.)

I certify that ALL of the information on this form is complete and correct:
