

Married Student Housing Basic Information

There are 21 married student rental apartments. To be eligible, one of you must be a full-time undergrad student at Olivet and you must be married. Once you graduate or your student status changes, you are no longer eligible and can no longer remain in married student housing. Students in rental properties are considered commuter students.

The apartments are usually fully occupied. Availability depends on how many current married students graduate and move out at the end of each semester.

These are unfurnished apartments so you would need to provide your own furnishings. The units are furnished with a stove and refrigerator.

The units are located at 801, 805 & 809 Stratford Dr East and 447 Bresee Ave in Bourbonnais.

There is a shared laundry facility in married housing buildings for tenants free of charge, compliments of Student Development – not part of rental agreement or lease.

ONU has a strict no pet policy. ESA's must be approved through our ONU ADR application process before being allowed in unit. Letter of approval from ONU ADR, proof of vaccination, and emergency contact information must be provided to the rental office before the ESA may move in.

Please let us know if you would like us to send you the eligibility form to determine if you are eligible. Once eligibility is determined we will forward a rental application and if approved add you to the married housing wait list. Details regarding current rent available upon request.

Feel free to reach out at any time.
