

Undergrad Married Student Rental Housing Basic Information

There are 21 undergrad married students rental apartments. To be eligible, one of you must be a full-time undergrad student at Olivet and you must be married. Once you graduate or your student status changes, you are no longer eligible and can no longer remain in married student housing. Students in rental properties are considered commuter students and scholarships cannot be applied to rental payments. **Off Campus Housing Petition must be completed through the Housing Department.**

The apartments are usually fully occupied. Availability depends on how many current married students graduate and move out at the end of each semester.

These are unfurnished apartments so you would need to provide your own furnishings. The units do have a stove and refrigerator.

The units are located at 801, 805 & 809 Stratford Dr East and 447 Bresee Ave in Bourbonnais.

There is a shared laundry facility in married rental housing buildings for tenants free of charge, compliments of Student Development – not part of rental agreement or lease.

ONU has a strict no pet policy. ESA's must be approved through our ONU ADR application process before being allowed in unit. Letter of approval from ONU ADR, proof of vaccination, and emergency contact information must be provided to the property rental office before the ESA may move in.

If you are interested in an apartment, let us know if you would like us to send you the eligibility form to determine if you are eligible. Once eligibility is determined we will add you to the married housing waitlist and forward a rental application. Once approved for an available apartment, we can accept a hold deposit and reserve a rental unit for you. Details regarding current rent available on request.

Feel free to reach out at any time.
