# Register for Classes - FAQ

- **How do I register for classes?**

  Your Class Registration Form is what we use to build your spring schedule, keeping the process simple and stress-free. For Spring 2027, the Registrar's Office will create schedules for all freshmen, and Jillian Long, Transfer Advisor, will create schedules for all transfer students.

  Once students begin classes on campus, they will work directly with their faculty advisor to plan future semesters and ensure they have a clear path to graduation.

- **Where can I view my schedule once it's posted?**
  You can view it in your ONU Portal: **https://canvas.olivet.edu/**

- **What if I want to make changes to my schedule?**

  **Freshmen**: please contact registrar@olivet.edu with your desired changes
  **Transfers**: please contact Jillian Long jhlong@olivet.edu

- **Who helps me plan future semesters?**
  After your first semester, you'll work closely with professors in your department (your Academic Advisor(s)) to create your academic plan for your full course of study.

- **Where do I get my textbooks?**
  Once registered for classes, you will be automatically enrolled into the **ONU Book Rental Program**. Click here for **Pricing and Terms**. The opt out deadline for the ONU Book Rental Program is August 1st.

  If you've opted out, you can opt back in at any time, even after 8/1. To request an opt-back-in, you must email: **StudentFinance@olivet.edu.**

  If you decide to **opt out of ONU's book rental program** under **Required Agreements** in the Self-Service Portal, you should order your books from outside vendors and websites (ex. Amazon, Chegg, etc.). View your class schedule in **Canvas** to locate the course codes (ex. ENGL 207-01). Then plug your courses into the **Find My Textbooks** search tool to find your required course materials.
